

I would like to complain about Sinclair Medias' misuse of the public airwaves to broadcast a one sided documentary "Stolen Honor". Besides being against federal election law it usurps our democrazy to have large media conglomerates control the broadcasting stations with one sided, commercials in the guise of a documentary. Please do not allow this abuse or insist they air a Pro Kerry Doc like "Going Upriver" in the same time slot the next week. Please help to keep our democrazy alive by equal and fair programming

THANK YOU- Gwendolyn Ellen
